Tucson Volunteer Fire Department
Honor Roll Rosters, 1881 to 1899
Management & Officer terms of TVFD

Chairman—The presiding officer of the organization.
President—The presiding officer of the organization.
Vice President—2nd presiding officer of the organization.
Secretary—an officer who may keep records of an organization.
Treasurer—an officer entrusted with the receipt, care, and disbursement of funds of an organization.
City Finance Committee/Fire Commissioners—to help keep track of an organization and in this case works for the City Trustees.
Sureties holder—officer who becomes legally liable for the debt, default, or failure of the finances.

Chief—accorded highest rank or office—generally used in our case as the entire fire department, but has been used for individual “companies” such as Pioneer Hose Co. No. 1.

Chief Engineer—Same as Chief.
Assistant Chief—2nd in rank to Chief.
Assistant Engineer—2nd in rank to Chief.
Fire Marshall, in early years we think this was occasionally used instead of the name Chief.

Foreman—commander of a unit “company.” In our case we think equal to the rank of Captain in today fire service.
Assistant Foreman—2nd in rank to Foreman.

Steward—one to manage affairs of an organization
Clerk—one to manage and keep records or accounts.
Timeline of the Volunteer days of the TFD

June 1881, We believe a volunteer fire department was started and called Tucson Hook & Ladder Company No. 1
   City minutes refer to it as the Tucson Hook and Ladder Company No. 1 (I don’t think there was a truck, just equipment)

May 28, 1882 article — Tucson Hook & Ladder Co. No. 1 dissolved

May 8, 1883, City passed 2 ordinances creating Fire Department and setting up fire regulations. (There was no name of the department, it was just rules and regulations for what ever department existed.)

August 7, 1883, City minutes show Pioneer Hose Company was organized and the Chief Engineer appointed was D. J. Boleyn, Assistant Chief J. L. Mellgen, and Steward Thomas F. Hallahan. Steward was created as a paid position.

July 1886, City changed monthly checks from Pioneer Hose Co. No. 1 to Tucson Fire Department. Then shortly stopped all payments.

June 4, 1888, Rescue Hose Company No. 2. was accepted by the Common Council.

December 1888 started re-organizing. In the City Minutes, but nothing was finalized that we can find.

September 24, 1898, Tucson Fire Department Disbanded, and H. E. Sheldon has been appointed temporary Chief.

October 3, 1898 Tucson Volunteer Fire Department started with Frank E. Russell as Chief.

1900 Became a Combination Department with Frank C. Norton being the first paid man, and numbers slowly increased until the Department became fully paid in 1915.

March 27, 1908 Articles of Incorporation of the Tucson Volunteer Fire Department, to follow Arizona Law.

April 5, 1910: Ordinance No. 326 creates a position of Fire Marshall, and this person shall have entire charge of the Fire Department of said City of Tucson. There was now a Volunteer Chief and a Paid Chief.

Early 1915 Volunteer Department disbanded. TFD was a fully paid Fire Department.

NOTE—

In this section, our goal was to reconstruct a TVFD roster for each year with as much accuracy as possible. There are several pages of documentation supporting how we obtained the names for each roster, for each individual year. The last page of each year is marked as Final. There we have provided all the evidence that we gathered for the Roster for that year.

Also, we take rosters from earlier years rosters and from later years. If the name of a firefighter is on both rosters, we think that he was probably a member in the years between the rosters where he is listed.

Using all the information that we have available at the time, this is current as of 2013.

The position of Steward can be confused very easily. The department had a Chief, Assistant Chief and a Steward for the entire department. Also there were times that the different companies had a separate position of Steward.

The position of the department Steward became a Paid position and was combined with a Police Department position. It was referred to as Fire Department Steward/Police Department Jailer. This position existed for quite some time. For many years, the salary was about $85.00 per month.

M. P. Light Chairman

Mark Lully, acting Secretary

Called the Tucson Hook and Ladder Company.

October/November 1881 a Bell Tower was build by the City and the fire department used the bell for alarms and part of the building as a “fire station.”

Based on articles had about 20 to 30 men by the end of the year

May 28, 1882, article (see next page) listed these men as the remaining members of the Hook & Ladder Company so they were probably some of the 1881 members.

January 9, 1883, City Minutes:
R. N. Leatherwood—Work with City and Water Co on Hydrants

Tucson, in an early growth pattern, was expanding. To accommodate a part of the needs produced by this growth, a gravity water system was introduced, with a number of the “plugs” installed on the streets in December of 1882.

In the early part of the year 1883, a Charter which made the Town a City, and Ordinance Number 45 creating a Fire Department were adopted by the people. On May 8, 1883, Ordinance 46 adopting Fire Regulations was also adopted.

In July, 1883, two hose carts arrived equipped with 1,000 feet of hose. A two-story adobe fire house was built by the City of Tucson on Church Street. The following August, the Tucson Fire Association became the Tucson Volunteer Fire Company and the following men were elected officers: J. F. Innes, President; J. A. Simpson, Vice President; D. J. Boylan, Chief Engineer; C. Mellgen, Assistant Chief Engineer; A. Goodschmidt, Secretary, and Thomas Hallahan Stewart, Chief Engineer. Chief Engineer T. H. Stewart and Assistant Chief Engineer C. Millgren were placed under bond.

The hose company of this organization was known as the “Pioneer Hose Company Number 1.” On August 18, 1883, the fire bell was moved from the square wooden tower on Church Square to the new tower on Church Street.

This group of stalwart citizens comprised Tucson’s volunteer fire department, back in the 1880s.

Since the first fire department was organized by Ygnacio Calvillo, then 19, in 1887, this photograph must have been taken between that year and 1890. From left to right, those appearing in the picture are:

Greater Tucson Fire Foundation

Thanks you for taking an interest in Tucson Fire Department history —

This is one of many sections that contain information, documents, letters, newspaper articles, pictures, etc. They have been collected and arranged in chronological order or by a subject. These items were collected, organized and entered into a computerized database by Dave Ridings Assistant Chief Tucson Fire Department, Al Ring friend of the department, Greater Tucson Fire Foundation and with the help of many friends and fellow firefighters.

All graphics have been improved to make the resolution as good as possible, but the reader should remember that many came from copies of old newspaper articles. This also applies to other items such as documents, letters, etc.

Credit to the source of the documents, photos, etc. is provided whenever it was available. We realize that many items are not identified and regret that we weren’t able to provide this information. As far as the newspaper articles that are not identified, 99% of them would have to be from one of three possible sources. The Arizona Daily Star, The Tucson Citizen and the Tucson Daily Citizen, for which we want to give a special thanks.

Please use this information as a reference tool only. If the reader uses any of the information for any purpose other than a reference tool, they should get permission from the source.

Should the reader have additional information on the above subject we would appreciate you sharing it with us. Please see the names and contact information on the 1st. TFD Archives page right below this paragraph.
