Tucson Fire Department

Fire Record Book — 6/1/1936 — 3/9/1939

FIRE RECORD

Instructions—

The TFD “Fire Record” books are 11” x 19” and it takes two pages to cover the one month subject. To be able to read the information all across both pages please follow these instructions.

Once you open the PDF, go to the top menu under VIEW and choose PAGE DISPLAY then choose TWO UP. This will bring up 2 pages that go together so you may follow the information.

NOTE: We were not able to scan these pages because of their size so we had to photograph them. The pages will be a little distorted by are “readable.” Remember you can also go to the top of the page and change the size and zoom right in on the line you are interested in.

Statistics of Fires

IN

Tucson, Arizona

from ~~January~~ June 1, 1936,

to March, 1939

Thanks you for taking an interest in Tucson Fire Department history —

This is one of many sections that contain information, documents, letters, newspaper articles, pictures, etc. They have been collected and arranged in chronological order or by a subject. These items were collected, organized and entered into a computerized database by Dave Ridings Assistant Chief Tucson Fire Department, Al Ring friend of the department, Greater Tucson Fire Foundation and with the help of many friends and fellow firefighters.

All graphics have been improved to make the resolution as good as possible, but the reader should remember that many came from copies of old newspaper articles. This also applies to other items such as documents, letters, etc.

Credit to the source of the documents, photos, etc. is provided whenever it was available. We realize that many items are not identified and regret that we weren't able to provide this information. As far as the newspaper articles that are not identified, 99% of them would have to be from one of three possible sources. The *Arizona Daily Star,* The *Tucson Citizen* and the *Tucson Daily Citizen,* for which we want to give a special thanks.

Please use this information as a reference tool only. If the reader uses any of the information for any purpose other than a reference tool, they should get permission from the source.

Should the reader have additional information on the above subject we would appreciate you sharing it with us. Please see the names and contact information on the 1st. TFD Archives page right below this paragraph.
